Learning Module Week 11: Updates from Work and Case Studies/Current Events/Goal Setting

During this class, participants should share their individual progress in their case studies. Please also provide time for the groups to meet to brainstorm their next steps.

Learning Objectives:

- In regards to the case studies, please discuss individual and group progress.
- Please talk about current events in the state that may affect the participants’ organizations.
- Since participants had time to reflect during the break between the first and second halves of the learning module, have their personal and/or career goals changed? If so, how?
